

JAVELIN LOS

Streamline And Automate Your Lending Business

JAVELIN LOS is a loan origination system developed to streamline and automate your lending business while ensuring you pay only for transactions you book. Accelerate your lending programs with JAVELIN.

In addition to best-in-class crediting, auditing and income verification for financing applications, JAVELIN LOS supports self-configurable credit decisioning, tolerance limits and risk parameters with full auto decisioning and scorecard capabilities. You get all the tools you need and seamless data integration with credit bureaus, financial asset valuation services and other portals.

About JAVELIN

Your Indispensable Ally In Today's Changing Markets

Trusted by North America's largest lenders, JAVELIN is an end to end lending platform designed to be better at targeting the right deals - with fair pricing so you pay only for the transactions you book. JAVELIN is flexible too; our speed to market and highly configurable workflows ensure you can quickly and easily adapt your business for changing markets. Designed for seamless data integration, our Open API infrastructure harmonizes partners, vendors, dealers, internal staff and management.

Decision More. Decision Smarter.

Supports any type of financial transaction and any business line. Easily configured by business line or transaction type. Decision 3X more per Credit Team member. Unlimited Risk Tiers.

Highly Configurable

Easily customize JAVELIN to align precisely with your workflows. Fully integrated with both proprietary and industry scorecards. Fully mobile.

Real Time Compliance

Keep up with the ever-evolving landscape of regulatory changes with real-time compliance. JAVELIN ensures better governance, better risk management and yes, better compliance!

Seamless Integration

Javelin's modular design integrates seamlessly with your existing systems through our Open API infrastructure, harmonizing partners, vendors, dealers, internal staff and management.

Success-Based Pricing

JAVELIN's fair pricing protects against book-to-look erosion because you pay only for the transactions you book.

Trusted by the Largest Lenders

Partnered with Salesforce, Microsoft & IaaS, JAVELIN is an industry leader, trusted by the largest lenders in North America.
